Amazon

TOP TILE

- Amazon is a sophisticated fusion of traditional artistry and state-of-the-art technology. Not only does the collection incorporates matching color body to the surface's background, but it also aims to vividly recreate the beauty of natural stones.

- Thanks to its special diamond-polished surface and its color-body composition, Amazon performed admirably compared to its class across all technical metric (especially when it comes to wear-resistance and bending strength) despite achieving unmatched polish level compared to regular ceramic tiles – all without compromising the design's flatness and clarity.

- With a high gloss multi-layered glazed surface – a result of combining traditional wet-glazing techniques with modern polishing technology – Amazon provides a consistent polished e ect that adds a vibrant dynamic touch to the living space. The colors are skillfully blended and layered during the digital printing process to produce crisp and unique patterns rich in vivid details that exudes refined luxury.

- Realistic 3D glazing e ects yields a sophisticated final product that can foster depth, realism, and radiant light reflection to any space it's featured in, bringing them to life.

- Amazon's high-quality raw materials and production process allow it to achieve high durability, good heat resistance, and long-term stability, resulting in a sustainable, luxurious and high-class home.

TOP TILE

A GLOSSINESS
THAT TOUCHES EVERY SENSE

At an average of **above90%**,Amazon has **virtually perfect glossiness** which helps to reflect light in spectacular ways, bringing sophistication and shines to any living space.

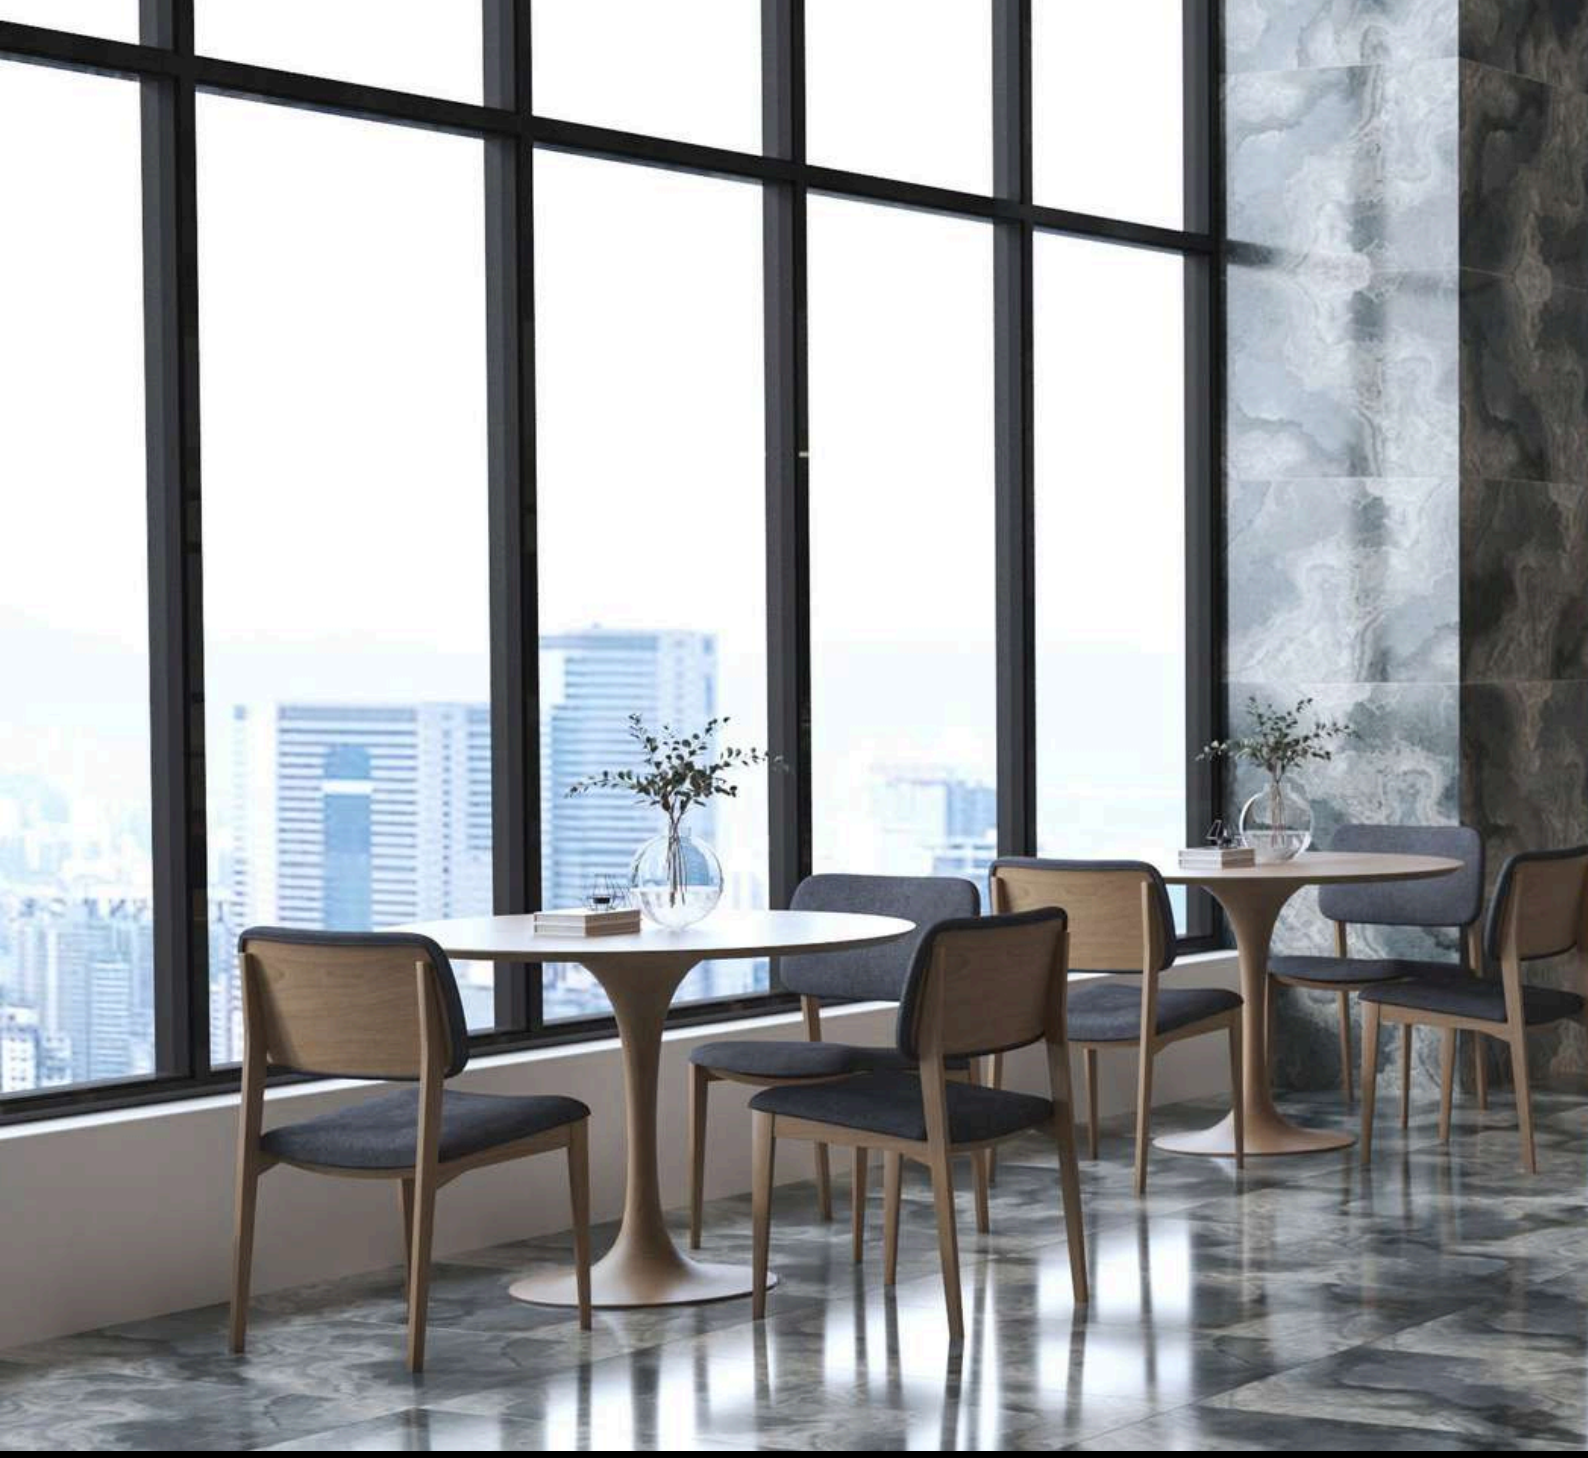

Amazon is more than just a building material; it is an embodiment of luxury and culture.

TRANSLUCENT SURFACE

SUPERIOR SHINE

Despite unmatched glossiness, Amazon is able to maintain a translucent, ripple-free surface that feels flat and smooth to the touch. It brilliantly displays with perfect clarity the multi-layered stone-like patterns while accentuating the color vividity – an effect most apparent in designs with strong and dark tones. The intricate patterns perfectly recreate natural stone veins, adding a naturalistic beauty to the modern interior environment.

Exquisite

The Exquisite capsule collection exudes the sophisticated and striking beauty of marble – one of the most sought-after surfaces in the world of high-end luxury. With its jet black hue and high-gloss surface, Exquisite encapsulates not only the elegance but also the unique artistic flourish of one of nature's most regal masterpiece.

Whether used as a wall feature or a floor accent, in the living room, bedroom, or bathroom, Exquisite elevates any space with striking sophistication, affirming the homeowner's discerning, high-end taste.

Exquisite Elite

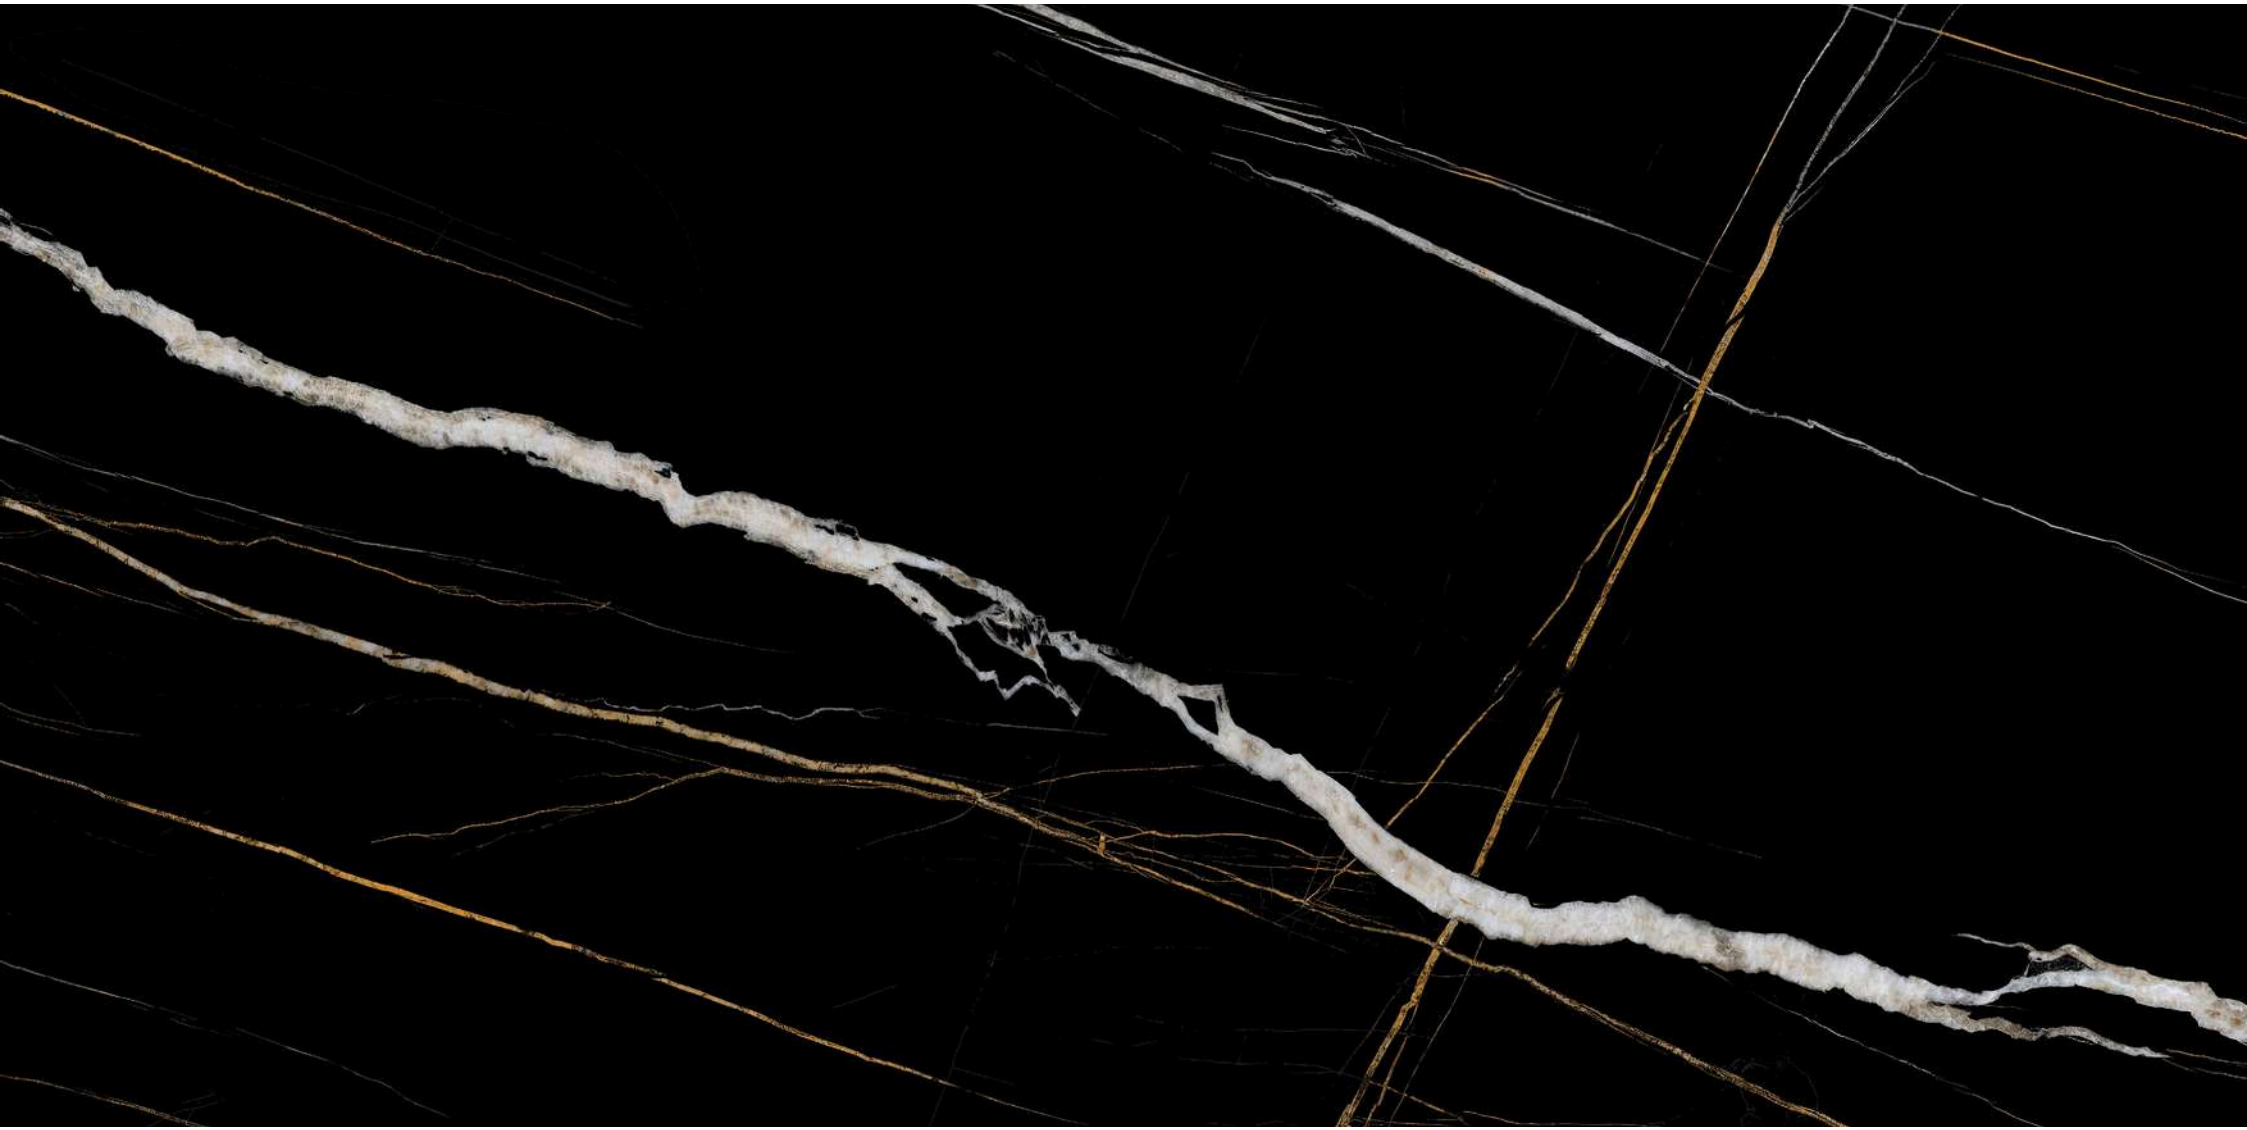

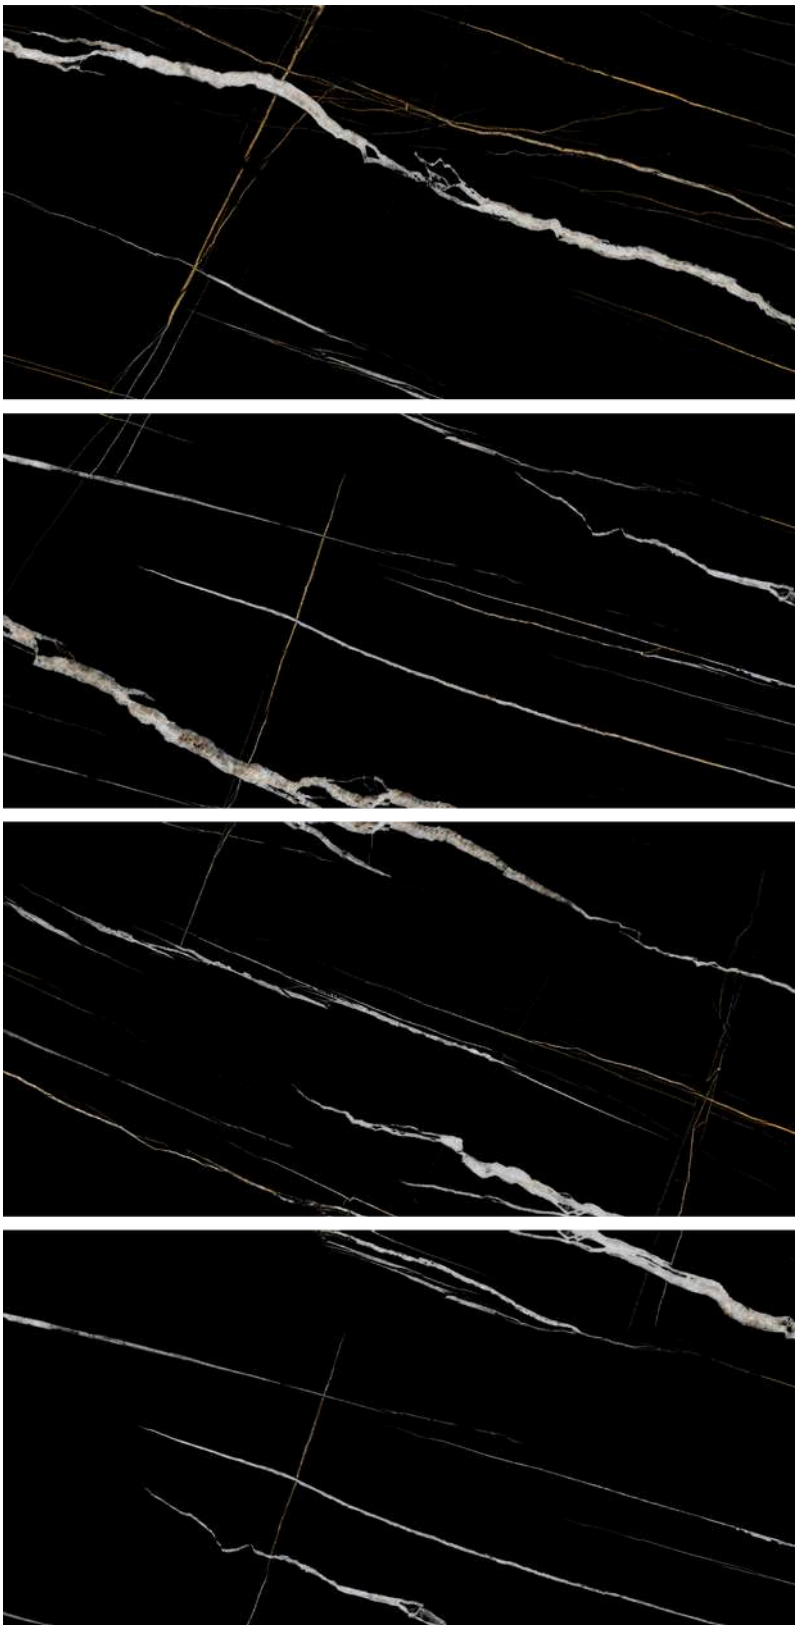

Exquisite Gold

Exquisite Elite impresses with its bold combination of large, wavy veins movements with more subtle striations that are signature of Sahara marbles. The quiet beauty of its rich black hues create a sense of peaceful tranquility, while the slightest touch of metallic e ect helps to highlight the unique, artistic flair of the design in ways that only serves to enhance the individual character of any space it's featured in.

CARE & MAINTENANCE

DO

- Keep tiles clean with basic cleaning of warm water and mild soap.
- Use multi-purpose spray cleaner to remove soap scum, hard water stains and mildew.
- Wipe tiles dry thoroughly after cleaning.
- Cover furnitures and table legs with protectors to prevent scratches.
- Choose products in compatible with grout to avoid damage.

DO NOT

- Expose tiles to permanent inks or dyes.
- Use cleaning products containing acids, ammonia or other strong chemicals.
- Clean tiles with oil-based cleaners.
- Put too much pressure on tiles.
