SUPPLYING THE FUTURE

PYRAMID & PLANET TILE COLLECTIONS

PYRAMID Collection

“Timeless quality”

The Pyramid Collection fully embodies the hallmarks of a high-end tile line through advanced European 3-in-1 technology. It features refined textures inspired by natural stone, creative and intricate patterning, and a durable, sturdy construction with excellent anti-slip performance. Inspired by the world’s natural wonders and the legendary pyramids, the Pyramid Collection conveys timeless strength and enduring value—unchanging, tall, and proud even after thousands of years. With hardness and slip resistance far exceeding those of ordinary tiles, along with enhanced matte glazing, Pyramid stands as a testament to uncompromising quality and long-term performance. Designed for decades of use, it supports a more sustainable, confident, and elevated way of living.

PLANET
Collection

“ Wonders of the world”

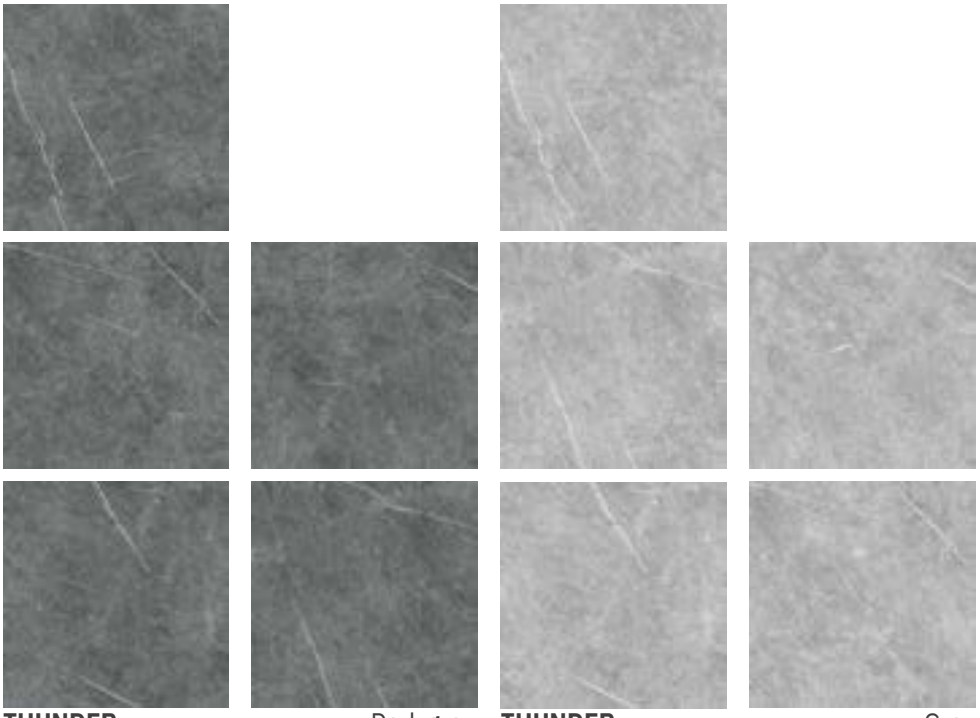

Thanks to advanced modern manufacturing technology, each tile in the Planet Collection features uniform color throughout both its surface and body, closely resembling natural stone while offering superior durability compared to conventional tiles. Inspired by the world’s natural wonders, the Planet Collection is highly versatile across a wide range of spaces, conveying a sense of timeless value and enduring appeal.
